

I. Goals for School IPM Permanent Web Site

(DRAFT—revised 1/26/01)

A. Provide materials to help school districts comply with AB 2260 (such as fact sheets, summaries, examples, and templates)

B. Provide access to up-to-date reference materials on school IPM (such as a school IPM manual and pest identification resources)

C. Provide a mechanism to facilitate communication between school districts on IPM-related subjects (for example, contact information on district IPM coordinators)

D. Provide answers to questions typically asked by parents, district staff, and the general public about pesticide use in schools and requirements of the law.

E. Identify opportunities for training in school IPM by region

F. Provide resources for facilitating pesticide use reporting for pest control operators (PCOs) working in schools (for example, printable reporting forms for PCOs, fact sheets)
